LEXICONS

free access

For many years the Lexicographical Section has promoted research on Medieval Latin Lexicons through the publication of critical editions and commentaries. In this area of scholarship, SISMEL has come to recognize the importance and possibilities inherent in the creation of the Lessici mediolatini, LeMeL database,

which allows consultation and research on a corpus of texts using the resources offered by new technologies. The lexicons now available in Mirabile, in PDF format, permitting basic word searching, represent the first step in a larger project.

DIGITAL LIBRARY

free access

The Mirabile Digital Library (MDL) is a new tool which enhance research at the text level on Latin Medieval Authors. It offers in open access the Latin Medieval Texts published by SISMEL · Edizioni del Galuzzo in a new form that allows users to accomplish tasks beyond the simple browsing: the text and related

information contained in the edition are remodeled into a system of interconnected and browsable data. The texts are encoded in xml-tei standard. All metadata link directly to the repertories.
